### Dots and Dashes

**Two-player game:** each player takes turns drawing a line between a pair of dots. Lines can be drawn anywhere but can only be vertical or horizontal and between dots that are right next to each other. The goal is to make four sides of a box. Each time you complete a box, put your initial in the box and take another turn. After no more boxes can be made, the player with the most boxes wins.

## The World's Most Loyal Dog

He was an Akita, a Japanese breed of dog known for being loyal to their owners. Hachiko was a faithful friend to Professor Ueno.

Every afternoon, at three o'clock, Hachiko could be found waiting at the train station to greet his master on his return from work. This daily routine continued until the professor suddenly died.

But Hachiko didn't understand that the professor was not going to return and for years he arrived at the train station at three o'clock every day and waited to greet his master. Hachiko kept this up until his death, ten years later.

Like Hachiko, we are waiting to meet our best friend, Jesus. The Bible tells us a lot about that wonderful day when Jesus will return to meet us.
